

ESE – Usability-Test (English Version)

Starting page: Homepage (localhost:8080)

- Log in on the webpage. You can use one of the given user data.
- Search now for a studio which is 8000 CHF at most and you can move in from the 01/01/2015. It should be located in the region of Aarau with a radius of 25km.
 - There should be one result. Click on it and view the pictures.
 - Make a request for a visit on this ad. Make then a bid.
 - Buy-out the auction.
- Look at the latest message on your profile. Write the sender an answer.
- Create an ad by your own. You want to auction off a house which is located in 3000 – Bern and has a balcony. Fill in the rest as you wish.
- Make the ad public and then make sure it worked by accessing “My Rooms”.
- Edit your just created ad. You remembered that your house actually doesn’t have a balcony.
- Change the surname of your profile to “Doe”.
- Visit an ad with help of the schedule function.
- Create an alert. You want to get a message when someone offers a flat in 6600 – Locarno with a radius of 25km, which is already furnished. Again, fill in the rest as you wish.
- Log out and create a new profile with an e-mail-address which you can later check via browser and make sure to remember the password.
- Log in with your newly created profile.
- Visit the mailbox of the e-mail-address with which you just signed up and make sure you got a confirmation e-mail.
- Find all ads in Switzerland within 01/01/2015 and 01/01/2018 which allow smoking inside.
- Have a look at the disclaimer of the webpage.
